

## OR1N2 Polyclonal Antibody

Catalog No         YP-Ab-07602           Isotype         IgG           Reactivity         Human;Rat;Mouse;           Applications         WB:ELISA           Gene Name         OR1N2           Protein Name         Olfactory receptor 1N2 (Olfactory receptor OR9-23)           Immunogen         Synthesized peptide derived from human protein . at AA range: 40-120           Specificity         OR1N2 Polyclonal Antibody detects endogenous levels of protein.           Formulation         Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.           Source         Polyclonal, Rabbit,IgG           Purification         The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.           Dilution         WB 1:500-2000 ELISA 1:5000-20000           Concentration         1 mg/ml           Purity         ≥90%           Storage Stability         -20°C/1 year           Synonyms         Observed Band         36kD           Cell Pathway         Cell membrane; Multi-pass membrane protein.           Tissue Specificity         Function         function:Odorant receptor .simillarity:Belongs to the G-protein coupled receptor 1 family. a similarity:Belongs to the G-protein coupled receptor 1 family: a similarity:Belongs to the G-protein coupled receptors in family: no protein a responsity that triggers the perceptor of a semil. The oli		
Reactivity Human;Rat;Mouse;  Applications WB;ELISA  Gene Name OR1N2  Protein Name Olfactory receptor 1N2 (Olfactory receptor OR9-23)  Immunogen Synthesized peptide derived from human protein . at AA range: 40-120  Specificity OR1N2 Polyclonal Antibody detects endogenous levels of protein.  Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.  Source Polyclonal, Rabbit,IgG  Purification The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.  Dilution WB 1:500-2000 ELISA 1:5000-20000  Concentration 1 mg/ml  Purity ≥90%  Storage Stability -20°C/1 year  Synonyms  Observed Band 36kD  Cell Pathway Cell membrane; Multi-pass membrane protein.  Tissue Specificity  Function function:Odorant receptor .,similarity:Belongs to the G-protein coupled receptor 1 family.  Background Olfactory receptor family 1 subfamily N member 2(OR1N2) Homo sapiens of large family of G-protein-coupled receptors of large family of G-protein-coupled receptors of large family of G-protein-coupled receptors (GPCR) varising from single coding-exon genes. Olfactory receptors share a 7-transmembrane domain structure with many neurotransmitter and hormone receptors and are responsible for the recognition and G protein-mediated the genome. The nomenclature assigned to the olfactory receptor genes and proteins for this organisms is independent of other organisms. [Provided by Provided by	Catalog No	YP-Ab-07602
Applications WB;ELISA  Gene Name OR1N2  Protein Name Olfactory receptor 1N2 (Olfactory receptor OR9-23)  Immunogen Synthesized peptide derived from human protein . at AA range: 40-120  Specificity OR1N2 Polyclonal Antibody detects endogenous levels of protein.  Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.
