

ECEL1 rabbit pAb

Catalog No YP-Ab-08245 Isotype IgG Reactivity Human; Mouse;Rat Applications W/B Gene Name ECEL1 XCE UNQ2431/PRO4991 Protein Name ECEL1 Immunogen Synthesized peptide derived from human ECEL1 AA range: 200-250 Specificity This antibody detects endogenous levels of ECEL1 at Human/Mouse/Rat Formulation Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.360% sodium azide. Source Polyclonal, Rabbit, IgG Purification The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. Dilution WB 1:500-2000 Concentration 1 mg/ml Purity 290% Storage Stability -20°C/1 year Synonyms Endothelin-converting enzyme-like 1 (EC 3.4.24) (Xce protein) Observed Band 85kD Cell Pathway Membrane; Single-pass type II membrane protein. Tissue Specificity Highly expressed in the CNS, in particular in putamen, spinal cord, medulla and subthalamic nucleus. A strong signal was also detected at lower levels in anygdala, caudate, thalamus, pancreas and skeletal muscle. Detected at very low levels in substantian angra, cerebe
