

THAP11 Monoclonal Antibody

Catalog No	YP-Ab-01027
Isotype	IgG
Reactivity	Human
Applications	WB;IHC;IF;FCM;ELISA
Gene Name	THAP11
Protein Name	THAP domain-containing protein 11
Immunogen	Purified recombinant fragment of human THAP11 expressed in E. Coli.
Specificity	THAP11 Monoclonal Antibody detects endogenous levels of THAP11 protein.
Formulation	Ascitic fluid containing 0.03% sodium azide,0.5% BSA, 50%glycerol.
Source	Monoclonal, Mouse
Purification	Affinity purification
Dilution	Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/200 - 1/1000. Immunofluorescence: 1/200 - 1/1000. Flow cytometry: 1/200 - 1/400. ELISA: 1/10000. Not yet tested in other applications.
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	THAP11; HRIHFB2206; THAP domain-containing protein 11
Observed Band	
Cell Pathway	Nucleus . Cytoplasm . May be regulated by shuttling of the protein between the cytoplasm and nucleus. .
Tissue Specificity	Brain,Neuroblastoma,Uterus,
Function	function:Transcriptional repressor that plays a central role for embryogenesis and the pluripotency of embryonic stem (ES) cells. Sequence-specific DNA-binding factor that represses gene expression in pluripotent ES cells by directly binding to key genetic loci and recruiting epigenetic modifiers.,polymorphism:The length of the poly-Gln region is variable in the population.,similarity:Belongs to the THAP11 family.,similarity:Contains 1 THAP-type zinc finger.,subcellular location:May be regulated by shuttling of the protein between the cytoplasm and nucleus.,subunit:Interacts (via coiled coil domain) with HCFC1.,
Background	The protein encoded by this gene contains a THAP domain, which is a conserved DNA-binding domain that has striking similarity to the site-specific DNA-binding domain (DBD) of Drosophila P element transposases. [provided by RefSeq, Jul 2008],
matters needing attention	Avoid repeated freezing and thawing!

Usage suggestions

This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
