SNAI2 rabbit pAb

Catalog No YP-Ab-15061 Isotype IgG Reactivity Human;Mouse;Rat Applications WB; ELISA;IHC Gene Name SNAI2 SLUG SLUGH Protein Name SNAI2 Immunogen Synthesized peptide derived from human SNAI2 AA range: 197-247 Specificity This antibody detects endogenous levels of Human,Mouse,Rat SNAI2 Formulation Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. Source Polyclonal, Rabbit,IgG Purification The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. Dilution WB 1:500-2000;IHC-p 1:50-300; ELISA 2000-20000 Concentration 1 mg/ml Purity ≥90% Storage Stability -20°C/1 year Synonyms Zinc finger protein SNAI2 (Neural crest transcription factor Slug;Protein snail homolog 2) Call Pathway Nucleus Cytoplasm. Observed in discrete foci in interphase nuclei. These nuclear foci do not overlap with the nucleoit, the SP100 and the HP1 hererchromatin or the coiled body, suggesting SNAI2 is associated with active transcription or active splicing regions. Tissue Specificity Expressed in most adult human itssues, including spleen, thymus, prostat

	C2H2-type zinc-finger protein family.,similarity:Contains 5 C2H2-type zinc fingers.,tissue specificity:Expressed in placenta and adult heart, pancreas, liver, kidney and skeletal muscle.,
Background	snail family transcriptional repressor 2(SNAI2) Homo sapiens This gene encodes a member of the Snail family of C2H2-type zinc finger transcription factors. The encoded protein acts as a transcriptional repressor that binds to E-box motifs and is also likely to repress E-cadherin transcription in breast carcinoma. This protein is involved in epithelial-mesenchymal transitions and has antiapoptotic activity. Mutations in this gene may be associated with sporatic cases of neural tube defects. [provided by RefSeq, Jul 2008],
matters needing attention	Avoid repeated freezing and thawing!
Usage suggestions	This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
