

GNLY Monoclonal Antibody

Catalog No	YP-mAb-06951
Isotype	IgG
Reactivity	Human;Rat;Mouse;
Applications	WB
Gene Name	GNLY LAG2 NKG5 TLA519
Protein Name	Granulysin (Lymphokine LAG-2) (Protein NKG5) (T-cell activation protein 519)
Immunogen	Synthesized peptide derived from part region of human protein
Specificity	GNLY Monoclonal Antibody detects endogenous levels of protein.
Formulation	Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.
Source	Monoclonal, Mouse,IgG
Purification	The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.
Dilution	WB 1:500-1:2000
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	
Observed Band	15kD
Cell Pathway	Secreted. Located in the cytotoxic granules of T-cells, which are released upon antigen stimulation.
Tissue Specificity	Expressed in natural killer and T-cells.
Function	function:Antimicrobial protein that kills intracellular pathogens. Active against a broad range of microbes, including Gram-positive and Gram-negative bacteria, fungi, and parasites. Kills Mycobacterium tuberculosis.,induction:By T-cell growth factor and interleukin-2.,PTM:A 9 kDa form is produced by proteolytic processing of a 15 kDa protein.,similarity:Contains 1 saposin B-type domain.,subcellular location:Located in the cytotoxic granules of T-cells, which are released upon antigen stimulation.,tissue specificity:Expressed in natural killer and T-cells.,
Background	The product of this gene is a member of the saposin-like protein (SAPLIP) family and is located in the cytotoxic granules of T cells, which are released upon antigen stimulation. This protein is present in cytotoxic granules of cytotoxic T lymphocytes and natural killer cells, and it has antimicrobial activity against M. tuberculosis and other organisms. Alternatively spliced transcript variants encoding different isoforms have been identified. [provided by RefSeq, Jul 2008],

**matters needing attention**

Avoid repeated freezing and thawing!

Usage suggestions

This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
