

MAMD1 mouse mAb

Catalog No	YP-mAb-08241
Isotype	IgG
Reactivity	Human; Mouse
Applications	WB
Gene Name	MAMLD1 CG1 CXorf6
Protein Name	MAMD1
Immunogen	Synthesized peptide derived from human MAMD1 AA range: 189-239
Specificity	This antibody detects endogenous levels of MAMD1 at Human/Mouse
Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.356% sodium azide.
Source	Monoclonal, Mouse,IgG
Purification	The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.
Dilution	WB 1:500-1:2000
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	Mastermind-like domain-containing protein 1 (F18) (Protein CG1)
Observed Band	85kD
Cell Pathway	Nucleus . Punctate nuclear localization.
Tissue Specificity	Expressed in fetal brain, fetal ovary and fetal testis. Expressed in adult brain, ovary, skin, testis, uterus. Highly expressed in skeletal muscle.
Function	caution:The sequence shown here is derived from an Ensembl automatic analysis pipeline and should be considered as preliminary data.,disease:Defects in MAMLD1 are a cause of X-linked hypospadias type 2 (HYSP2) [MIM:300758]. Hypospadias is a common malformation in which the urethra opens on the ventral side of the penis. It is considered a complex disorder with both genetic and environmental factors involved in the pathogenesis. Hypospadias can occur alone on an apparently multifactorial basis or as part of syndromes.,similarity:Belongs to the mastermind family.,tissue specificity:Preferentially expressed in skeletal muscle.,
Background	This gene encodes a mastermind-like domain containing protein. This protein may function as a transcriptional co-activator. Mutations in this gene are the cause of X-linked hypospadias type 2. Alternate splicing results in multiple transcript variants. [provided by RefSeq, Apr 2010],

**matters needing attention**

Avoid repeated freezing and thawing!

Usage suggestions

This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
