

Rak Monoclonal Antibody

Catalog No YP-mAb-14975 Isotype IgG Reactivity Human;Mouse;Rat Applications WB Gene Name FRK Protein Name Tyrosine-protein kinase FRK Immunogen The antiserum was produced against synthesized peptide derived from human FRK. An range:71-120 Specificity Rak Monoclonal Antibody detects endogenous levels of Rak protein. Formulation Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. Source Monoclonal, Mouse,IgG Purification The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen. Dillution WB 1:500-1:2000 Concentration 1 mg/ml Purity ≥90% Storage Stability -20°C/1 year Synonyms FRK; PTK5; RAK; Tyrosine-protein kinase FRK; FYN-related kinase; Nuclear tyrosine protein kinase RAK; Protein-tyrosine kinase 5 Observed Band 55kD Cell Pathway Cytoplasm . Nucleus . Predominantly found in the nucleus, with a small fraction found in the cell periphery. Tissue Specificity Predominantly expressed in epithelial derived cell lines and tissues, especially normal liver, kidney,		
Reactivity Human; Mouse; Rat Applications WB Gene Name FRK Protein Name Tyrosine-protein kinase FRK Immunogen The antiserum was produced against synthesized peptide derived from human FRK.
