

## SLN Rabbit pAb

| Catalog No                     | YP-Ab-18929  |
|--------------------------------|--|
| Isotype                        | IgG  |
| Reactivity                     | Human,Mouse,Rat  |
| Applications                   | WB   |
| Gene Name                      | SLN  |
| Protein Name                   | Sarcolipin   |
| Immunogen                      | Synthesized peptide derived from human SLN   |
| Specificity                    | This antibody detects endogenous levels of SLN at Human, Mouse,Rat   |
| Formulation                    |  |
| Source                         | Polyclonal, Rabbit,IgG   |
| Purification                   | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.  |
| Dilution                       | WB 1:500-2000  |
| Concentration                  | 1 mg/ml  |
| Purity                         | ≥90%   |
| Storage Stability              | -20°C/1 year   |
| Synonyms                       |  |
| Observed Band                  |  |
| Calculated Molecular<br>Weight | 3kD  |
| Cell Pathway                   | Sarcoplasmic reticulum membrane ; Single-pass membrane protein .<br>Endoplasmic reticulum membrane ; Single-pass membrane protein .  |
| Tissue Specificity             | Brain, Cervix, Colon, Epithelium, Kidney, Lung, Placenta, Uterus,  |
| Function                       | Reversibly inhibits the activity of ATP2A1 and ATP2A2 in sarcoplasmic reticulum by decreasing the apparent affinity of the ATPase for Ca(2+). Modulates calcium re-uptake during muscle relaxation and plays an important role in calcium homeostasis in muscle. Required for muscle-based, non-shivering thermogenesis (By similarity). |
| Background                     |  |
| matters needing attention      | Avoid repeated freezing and thawing!   |
|                                |  |
