

# ZNF2 mouse mAb

|                                    |                                                                                                                                                                                      |
|------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog No</b>                  | YP-mAb-10170                                                                                                                                                                         |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                  |
| <b>Reactivity</b>                  | Human;Mouse;Rat                                                                                                                                                                      |
| <b>Applications</b>                | WB                                                                                                                                                                                   |
| <b>Gene Name</b>                   | ZNF2 ZNF661                                                                                                                                                                          |
| <b>Immunogen</b>                   | Synthesized peptide derived from human ZNF2 AA range: 25-75                                                                                                                          |
| <b>Specificity</b>                 | This antibody detects endogenous levels of human ZNF2                                                                                                                                |
| <b>Formulation</b>                 | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                              |
| <b>Source</b>                      | Monoclonal, Mouse,IgG                                                                                                                                                                |
| <b>Purification</b>                | The antibody was affinity-purified from mouse antiserum by affinity-chromatography using epitope-specific immunogen.                                                                 |
| <b>Dilution</b>                    | WB 1:500-1:2000                                                                                                                                                                      |
| <b>Concentration</b>               | 1 mg/ml                                                                                                                                                                              |
| <b>Purity</b>                      | ≥90%                                                                                                                                                                                 |
| <b>Storage Stability</b>           | -20°C/1 year                                                                                                                                                                         |
