

Ephrin-A2 Polyclonal Antibody

Catalog No	YP-Ab-15899
Isotype	IgG
Reactivity	Human;Mouse
Applications	WB;ELISA
Gene Name	EFNA2
Immunogen	The antiserum was produced against synthesized peptide derived from human EFNA2. AA range:1-50
Specificity	Ephrin-A2 Polyclonal Antibody detects endogenous levels of Ephrin-A2 protein.
Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Source	Polyclonal, Rabbit,IgG
Purification	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.
Dilution	Western Blot: 1/500 - 1/2000. ELISA: 1/20000. Not yet tested in other applications.
Concentration	1 mg/ml
Purity	≥90%
Storage Stability	-20°C/1 year
Synonyms	EFNA 2;efna2;EFNA2_HUMAN;ELF1;Eph related receptor tyrosine kinase ligand 6;EPH-related receptor tyrosine kinase ligand 6;Ephrin-A2;EphrinA2;EPLG6;HEK7 L;HEK7 ligand;HEK7-L;HEK7L;LERK 6;LERK-6;LERK6;Ligand of eph related kinase 6
Observed Band	24kD
Calculated Molecular Weight	24kD
Cell Pathway	Cell membrane ; Lipid-anchor, GPI-anchor .
Tissue Specificity	Brain,
Function	similarity:Belongs to the ephrin family.,subunit:Binds to the receptor tyrosine kinases EPHA3, EPHA4 and EPHA5.,
Background	This gene encodes a member of the ephrin family. The protein is composed of a signal sequence, a receptor-binding region, a spacer region, and a hydrophobic region. The EPH and EPH-related receptors comprise the largest subfamily of receptor protein-tyrosine kinases and have been implicated in mediating developmental events, particularly in the nervous system. Based on their

structures and sequence relationships, ephrins are divided into the ephrin-A (EFNA) class, which are anchored to the membrane by a glycosylphosphatidylinositol linkage, and the ephrin-B (EFNB) class, which are transmembrane proteins. Posttranslational modifications determine whether this protein localizes to the nucleus or the cytoplasm. [provided by RefSeq, Jul 2008],

matters needing attention

Avoid repeated freezing and thawing!

Usage suggestions

This product can be used in immunological reaction related experiments. For more information, please consult technical personnel.
