

# FRMD5 rabbit pAb

|                                    |                                                                                                                                   |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog No</b>                  | YP-Ab-08067                                                                                                                       |
| <b>Isotype</b>                     | IgG                                                                                                                               |
| <b>Reactivity</b>                  | Human; Mouse                                                                                                                      |
| <b>Applications</b>                | WB                                                                                                                                |
| <b>Gene Name</b>                   | FRMD5                                                                                                                             |
| <b>Immunogen</b>                   | Synthesized peptide derived from human FRMD5 AA range: 491-541                                                                    |
| <b>Specificity</b>                 | This antibody detects endogenous levels of FRMD5 at Human/Mouse                                                                   |
| <b>Formulation</b>                 | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.182% sodium azide.                                                          |
| <b>Source</b>                      | Polyclonal, Rabbit,IgG                                                                                                            |
| <b>Purification</b>                | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                         |
| <b>Dilution</b>                    | WB 1:500-2000                                                                                                                     |
| <b>Concentration</b>               | 1 mg/ml                                                                                                                           |
| <b>Purity</b>                      | ≥90%                                                                                                                              |
| <b>Storage Stability</b>           | -20°C/1 year                                                                                                                      |
| <b>Synonyms</b>                    | FRMD5;FERM domain-containing protein 5                                                                                            |
| <b>Observed Band</b>               | 65kD                                                                                                                              |
| <b>Calculated Molecular Weight</b> | 65kD                                                                                                                              |
| <b>Cell Pathway</b>                | Membrane ; Single-pass membrane protein . Cell junction, adherens junction .                                                      |
| <b>Tissue Specificity</b>          | Astrocyte,Skin,                                                                                                                   |
| <b>Function</b>                    | similarity:Contains 1 FERM domain.,                                                                                               |
| <b>Background</b>                  |                                                                                                                                   |
| <b>matters needing attention</b>   | Avoid repeated freezing and thawing!                                                                                              |
| <b>Usage suggestions</b>           | This product can be used in immunological reaction related experiments. For more information, please consult technical personnel. |
